- Meeting with DNR to review Proposed Rough Fish Program

Review Wi statute 23.22 Invasive species -

Review Wi statute 29.421 & 29.424 Removal of Rough Fish

Viewed video from May, 2024 at Neilson Isl. depicting harmful density of invasive rough fish in this bay.

Reviewed Rough Fish Plan for BDL, Rev Feb 13, 2025, BD LD expressed concern for length of time to complete the program and harm that would be caused by the infestation of invasive fish to habitat of BDL.

DNR Fishery program currently focuses on small bays, BD LD requested that fishing on main part of the lake to reduce invasive fish pressure.

Follow up meeting scheduled for March 19<sup>th</sup> to further define the program.
